

Empowering Education:

Maximizing Impact with ELA & Math Continuum

Tuesday, September 24, 2024

8:00PM EST  **zoom**

with **Sara Schonfeld**, *Integrative Spot*

- Revolutionize your approach to curriculum planning and execution.
- Discover how our expertly crafted ELA and Math continuums can transform your school's instructional strategies, ensuring seamless vertical alignment and skill progression from preschool through high school.
- Learn how to customize and differentiate these continuums to meet the unique needs of your school, driving student success and mastery at every level.
- Delve into our customized assessments and demonstrate how utilizing data and assessment can drive effective instruction.
- Empower your educators and elevate your students' learning experiences.

Registration includes access to K-8 continuums from Integrative Spot and CoJDS

Ms. Sara Schonfeld currently works as an educational consultant and literacy specialist in Jewish day schools and yeshivos. She designs, integrates, and aligns comprehensive curriculum, customized to national and state standards. Sara also coordinates curriculum review projects, where she works with school leaders to analyze data across content areas in order to develop instructional plans to close student achievement gaps. She leads and presents at professional development conferences, hosts think tanks, and coaches educators on a wide range of topics such as literacy, educational technology, and student-centered pedagogy. Sara is also an adjunct professor and guest lecturer in graduate school programs. She holds masters degrees in School Leadership and Literacy as well as multiple certifications in education, special education, and technology.
